

MODEUS

RxWorks Integration - Client Setup

Version: 1.0
19 / June / 2020

RxWorks Client Setup

Before Modeus support can proceed with the integration, clients need to mark all S8 drugs as **Controlled** in RxWorks

Marking S8's as 'Controlled'

Note: Client needs to be signed into RxWorks with Administrator access to do the above.

- Open RxWorks
- Go to **Item > Schedules**
- Add a **new** category **Controlled**.
- Sign out of RxWorks and then sign in again.
- Mark each S8 medication as controlled by going to **Fees > Categories and Insurance** and change the Item Schedule to **Controlled** as shown below
